

Dear Families,

We are excited to invite your child to participate in our **Summer Reading Adventure!** Summer reading is such an important way to help students continue growing in confidence, fluency, comprehension, and imagination during the break.

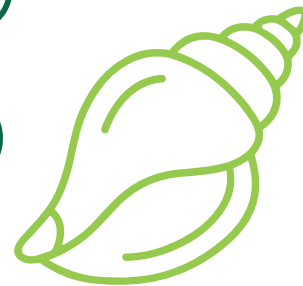

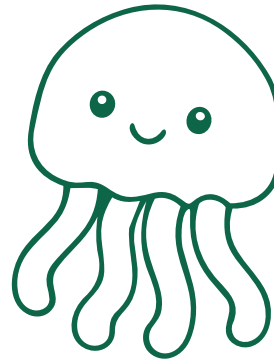

Students will have three monthly reading logs...one for June, July, and August. For every 15 minutes of reading, students will color one picture.

Each monthly reading log includes:

- 25 pictures to color (August includes 15 pictures)
- Optional reading challenges at the bottom for extra summer fun

Reading can include:

- independent reading
- reading with a parent
- listening to someone read
- chapter books
- picture books
- devotional/Bible reading
- magazines or nonfiction books

Our hope is that students make reading part of their everyday summer routine while enjoying books that interest and inspire them.

Please return completed reading logs during the first week of school in August. We cannot wait to celebrate all of their summer reading accomplishments!

Have a wonderful summer filled with sunshine, adventure, and stories!

Blessings,

**Mrs. Thompson**

Instructional Assistant Principal  
First Presbyterian Academy
